Lizzie has signaled her intention to resign as President at the beginning of next year.

One week after the market day on the Wednesday we will have our first rehearsal for first year choir members only. The next Wednesday we will hold our General Meeting to elect a new president and any other positions.

The Mozart Solomn Vespers of the Confessor will most likely be our concert for next year. The other piece will be the Faure Cantique de Jean Racine, also possibly the Mozart flute and harp concerto, John may also like to include one of his own composed pieces. The orchestra will need aproximately 32 members for the Mozart and half the number for the Faure.

SCUNA Orchestra? On market day we could possibly advertise that we are forming an orchestra for SCUNA events. The problem would be with the School of Music orchestra. The purpose would be to encourage ANU students to participate in SCUNA as part of an orchestra that would work for free. The students would be given a whole semester to practice instead of the normal few weeks. This would be an experiment for next year.

We would need to take more steps than simply putting up a sign for an orchestra on market day. We may need to visit the ANU School of Music and Colleges to encourage interest.

Matthew has officially resigned as Librarian for SCUNA.

Venue possible locations: ANU Arts Centre, St. Christopher's, St Andrews, Llewellyn Hall.

For Market day we will need a big postering and flyering effort before market day to attract a lot of new members. We will also have a big stand at market day with as many people there as possible.
