- 1) After discussion of the pros and cons of SCUNA hosting the Brazilian choir in December, the committee decided to recommend to Jonathan that we support the proposal. Liese offered to be the contact person for this venture.
- 2) There's a growing trickle of emails regarding SCUNA's 50th anniversary in 2013. The committee decided we should have a sub-committee of 3 to start thinking about possible ways to celebrate it. Can committee members think about volunteering for this role at our next meeting?
